Kloosterboer

Logistic opportunities for juices and concentrates

location: Rotterdam, Vlissingen, Elst (NL)
facilities: Coldstores and blending facilities

Kloosterboer develops and provides innovative and sustainable total solutions for the supply chain of temperature controlled food products. By developing long-term relationships, Kloosterboer aims to cut costs and increase service levels for its customers. We are one of the leading companies in this business with a cold storage capacity of over 3,5 million cubic meters and a yearly throughput of 2 million tons of products.
